## SEASON 1

Sultan Ahmed Khan succeeds to the throne after the sudden and unexpected death of his father in 1603. His princehood has been full of tragedies. His beloved older brother Prince Mahmud was killed right in front of his eyes by their own father. The young and inexperienced sultan dreams of becoming a great emperor; but the reality is different than his dreams. The Jelali uprisings in the East and the never-ending war with the Austrian Empire in the West have been carrying the empire to a stalemate. Ahmed realizes soon enough the heaviness of the burden he needs to carry.

The hardest of the tasks ahead of him is worse than death itself: according to the rules of the state, he has to order the killing of his seven-year-old brother Mustafa immediately after this succession to the throne. Ahmed is stuck between his heart and the rules; either he will live with a guilty conscience all his life or he will accept his rivals' undermining of his power. The enemies of the state who desire to take advantage of the inexperience of the young sultan take immediate action to seize the throne, starting with Shahin Giray, the Crimean ruler who has promised to avenge his country's century-long suppression.

Ahmed's grandmother, The Grand Queen Mother Sultana Safiye, has been the most influential and powerful woman in the palace during the reigns of the two previous sultans. The ambitious, impressive and extremely powerful Safiye of Venetian origin wouldn't hesitate to oppose Ahmed in order not to lose her power and authority.

In the meantime, Ahmed's young and good-hearted mother Handan has now ascended to be the Queen Mother. It is in fact harder to continue this position than to attain it. She faces a constant threat from the mother of Ahmed's half-brother Prince Mustafa, Halime, who is a sharp-minded, darkly ambitious woman looking for ways to enthrone her own son...

## SEASON 1

There is only one person who eases Ahmed's troubles; Anastasia, whom he fell in love with after seeing her portrait. Unfortunately, she is just a girl in a painting; nothing but an impossible dream. And then one day, the dream turns into reality...

The Grand Queen Mother Sultana Safiye who wishes to continue her rule brings Anastasia to the palace in order to win Ahmed's love and trust; but the free-spirited Anastasia is like no other girl in the harem. Ahmed has to spend much effort to make her fall in love with him, which he eventually succeeds in. Anastasia gains wide admiration and sympathy in the palace. She not only changes Ahmed's destiny, but that of the entire empire as well. She does not accept the names given to her as Hatice and Mahpeyker and at the end, she chooses her own name that carries the meanings of leader and guide; a name she has rightfully earned: Kosem...

Kosem is a milestone in another man's life as well: Iskender's. Born as Alex in a small town on the Austrian border, he leaves his home to resolve a mystery from his past. He quickly gets himself into trouble and has to join the entry-level

janissary corps to save his life: a long and tough journey awaits him. Iskender and Anastasia meet by a twist of faith and their ways separate shortly after, but Iskender remains passionately in love with her until the end of his days.

Kosem's rise to power disturbs those who hope to be part of the powerful ruling elite. She will make many enemies. She will have to fight hard in order to protect Ahmed, her children and herself from the dangerous games being played around them. She will successfully rule the Ottoman Empire for forty years with her ambition, become the sole protector of the dynasty with her loyalty and gain the love and sympathy of the public with her heart of gold. Her name will be considered the symbol of power and magnificence... She will decide who the next sultan would be, and she will even fight with her own sons for the sake of the empire.

This dazzling power will come with a cost, taking away everything from her. She will sacrifice the man she loves, her family, friends and her sons, but first and foremost, she will sacrifice her innocence...
